News Release #23-11

Fort Pierce P.A.L. Park Ribbon Cutting Scheduled

The City of Fort Pierce will hold a ribbon cutting ceremony for the newly renovated and enhanced Police Athletic League (PAL) Building and Park on Thursday, December 8, 2011 10:00 a.m., 903 S. 21st Street in Fort Pierce. The YMCA organization once operated out of the 12,000 square foot facility, but pulled out of the Fort Pierce community several years ago. St. Lucie County agreed to transfer the facility and property including several recreation fields to the City of Fort Pierce September 2010.

The City's Public Works Department facilitated the renovation of the facility which includes new exterior stucco, painting, fencing, landscaping, recreational play equipment, remodeled restrooms and new energy efficient HVAC units. Once a closed, neighborhood recreational facility, the \$250,000 improvements will create an active park environment, with large recreational fields and a new home for the Fort Pierce Police Athletic League.

The ribbon cutting is open to the public.
