Honorable Mayor, Members of the
City Commission and Citizens
of the City of Fort Pierce, Florida

Dear Mayor, Commissioners, and Citizens:

It is our pleasure to submit this *Comprehensive Annual Financial Report* for the City of Fort Pierce, Florida for the fiscal year ended September 30, 2015. The report fulfills the requirements set forth in the *City Code of Ordinances, Florida Statutes*, Chapter 166.241; and the *Rules of the Florida Auditor General*, Chapter 10.550. The organization, form and contents of this report, plus the accompanying financial statements and statistical tables, are formulated in accordance with the principles prescribed by the Governmental Accounting Standards Board, the American Institute of Certified Public Accountants, the State of Florida, the city Code of Ordinances, and the Government Finance Officers Association.

This report consists of management's representations concerning the finances of the City of Fort Pierce. Consequently, management assumes full responsibility for the completeness and reliability of all information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Florida Statutes and the *City Code of Ordinances* require that an annual financial audit be performed by independent certified public accountants. This year the audit was performed by DiBartolomeo, McBee, Hartley & Barnes. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2015, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the

amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City's financial statements for the fiscal year ended September 30, 2015, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

The Reporting Entity and Its Services

The City of Fort Pierce, Florida was incorporated in 1901 and covers an area of approximately 34.8 square miles. The City operates under an elected City Commission (5 members) and provides a full range of municipal services including general government, public safety, public improvements, planning and zoning, and related general and administrative services to over 43,601 residents. In addition, the City operates a solid waste enterprise activity, a marina, a golf course, a theatre and a stormwater utility fund. This report includes two component units and one related organization.

Component Units. The financial data of the City's two component units, the Fort Pierce Utilities Authority (FPUA), a proprietary fund, is discreetly presented, and the Community Redevelopment Agency (CRA), a governmental fund, is blended in the Combined Financial Statement. The FPUA is reported in a separate column to emphasize that it is legally separate from the City.

The FPUA provides electric, water, wastewater and natural gas services to residents and businesses of Fort Pierce. The CRA was established for the purpose of carrying out redevelopment activities for areas existing in the City that are defined as slum or blighted. The members of the FPUA governing board are appointed or removed from office by the Fort Pierce City Commission. The members of the governing board of the CRA are the Fort Pierce City Commissioners. The CRA's budget and the FPUA's budget and rates for service are subject to the approval of the City Commission. Complete financial statements of the FPUA can be obtained from its administrative office located at 206 South Sixth Street, Fort Pierce, Florida 34948.

Fort Pierce Retirement and Benefit System and the Municipal Police Officers' Retirement Trust Fund. The accounts of these two retirement plans are included in the financial statements as the General Employees' Pension Trust, and the Police Officers' Pension Trust. Both of the pension trust funds are governed by a separate Board of Trustees subject to the requirements of local ordinances and by applicable provisions of Florida Law which require participation in the respective governing

authorities by certain key City officials. Additional criteria include the scope of public service provided by organizations which exist for the benefit of the employees of the City of Fort Pierce.

Related Organizations. The Mayor of Fort Pierce is responsible for appointing the members of the Board of the Fort Pierce Housing Authority (FPHA), but the City's accountability for this organization does not extend beyond making these appointments. The FPHA's operating and capital expenditures, including debt service, are funded entirely from federal grants and rentals. The City has no involvement in the determination of FPHA's budget or rental rates, and has no obligation for FPHA's outstanding debt.

Economic Condition and Outlook

The City of Fort Pierce, Florida is located on the southeastern coast of the state in an area categorized as the Fort Pierce Metropolitan Statistical Area.

The major factors in the economy of Fort Pierce and surrounding St. Lucie County are agri-business, construction, retail and wholesale trade, light manufacturing, tourism, and sport and commercial fishing.

For years the local economy has counted on construction as the number one industry in the county. However, the downturn of the housing market has created the greatest percentage of the unemployment rate, which is currently 10.4% down from 13.2% last year.

The slight increase in the real estate market and the construction industry has had an impact on the local economy. The unemployment rate has been impacted along with the revenues generated by the businesses associated with the real estate and construction activities and, though small increase is experienced.

Local business and community leaders continue to recruit new light industrial activity to the area. It is anticipated this type of activity will assist in improving the unemployment rate and the overall economy.

Emphasis is being made on expanding the capabilities of both the St. Lucie County Airport and the Port of Fort Pierce, and ecotourism are activities which will act as catalysts in promoting future business and industrial growth.

The City continues its pursuit of an aggressive annexation program which in the past has increased the tax base, and also provided additional customers for the City's owned and operated utility systems. The City has annexed mostly agricultural land which was massive in area but provided very little tax base. All of the enhanced activity resultant of the area's growth, while having a positive impact, also presents challenges for the future. The City will need to maintain the high level of service standards that are in effect through effective utilization of both natural and financial resources. A comprehensive plan has been developed to establish goals, objectives and policies for growth management.

Major Initiatives

The environmental cleanup of the H.D. King power plant downtown continues to be underway. The old plant has been demolished and clean-up of the property has begun using a \$600,000 brownfield

grant. This land is contemplated as being used to expand the City's existing Marina and or building a five star hotel. The City began construction on Melody Lane Fishing Pier, a state of the art fishing area to be utilized by citizens. The total cost for the project is \$630,815; \$312,500 funded by the FIND grant and the remaining \$318,315 from restricted revenue. Currently, numerous stormwater improvement projects are being managed by the City's Engineering Department.

The 2015 budget had very little funding for capital equipment. The budget, with limited resources, has not been able to support capital equipment purchases in over eight years. The capital improvements constructed were through bond proceeds or grant funding. The City's bonded long-term debt at 9/30/2015 was \$93,511,848.

2015-2016 Budget Issues

The City of Fort Pierce budget for fiscal 2016 is increased from fiscal 2015. The budget for 2015 was \$34,267,078 and 2016, \$35,853,263, an increase of \$1,586,185.

The City's taxable valuation is \$1,945,136,382 compared to last year's final valuation of \$1,878,719,493. This represents an increase of approximately 3.54% or \$66,416,889. This increase in property values and the City Commission electing to increase the millage rate to 6.9000 helped to balance the budget. Increasing the millage rate generated \$.63 million, of which \$400,000 was restricted to be used to finance much need future capital improvements and purchases.

The City will use \$1.4 million from an interfund loan to fund a new capital improvement plan. Of this \$1.4 million, \$700,000 is to be used by the Police Department for vehicles and equipment, \$575,000 for road resurfacing projects, and \$125,000 for technological improvements.

The City will receive from the Utilities Authority approximately \$188,552 in additional transfers under the 6% computation; using the power cost adjustment for electric and gas for twelve months.

The City appropriated \$550,000 from fund balance to balance General Fund's budget.

The 2016 budget (General Fund) included a 3% pay increase for non-bargaining and bargaining employees and 4% for police officers.. Health insurance premiums for employees increased .3%; retirement rates for general members are 15.03%, up from 14.61%, Police officers remained the same, 13.76%. These wage and benefit changes equated to an increase of \$356,165.

General Fund's \$1,676,422 transfer to Fort Pierce Redevelopment Agency, to assist in its operations, is approximately \$375,207 less than last year due to an increase in property values and millage rate.

Reserve Policy

The City adopted a formal policy setting the requirement as to what is the level of unreserved funding that should be set aside for unforeseen expenditures. The policy established and require ten percent (10%) of General Fund's annual budget be set aside and held for any unexpected costs.

Fiscal Year	Budget	10% Reserve	Beginning Fund Balance
2014	34,108,541	3,410,854	4,244,316
2015	35,853,263	3,585,326	4,297,233

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Fort Pierce, Florida for its comprehensive annual financial report for the fiscal year ended September 30, 2014. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of the state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of Fort Pierce, Florida has received a Certificate of Achievement for the last twenty-six consecutive years. We believe our current report continues to conform to Certificate of Achievement Program requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgments

I thank the Mayor and members of the City Commission for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

The preparation of the comprehensive financial report was made possible by the dedicated service of the entire staff of the Finance Department. Special recognition is given to the City's Chief Accountant and Accountant.

Sincere appreciation is extended to the firm of DiBartolomeo, McBee, Hartley & Barnes for their professional approach and high standard in the conduct of their independent audit of the City's financial records and transactions.

Respectfully submitted,

Johnna S. Morris

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Fort Pierce, Florida (the "City") as of and for the year ended September 30, 2015, and the related to the financial statements which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Fort Pierce, Florida as of September 30, 2015, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General Fund, Community Redevelopment Agency Fund, and Hurricane Housing Recovery Fund for the year ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note A to the financials, the City restated its net position balances as of September 30, 2014, when adopting the requirements of Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions- an amendment of GASB No. 27*.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United State of America require that the management's discussion and analysis, and the schedule of funding progress as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual fund statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. Additionally, the accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and Chapter 10.550, Rules of the Auditor General, and is also not a required part of the basic financial statements.

To the City Commission
Fort Pierce, Florida

March 18, 2016

The combining and individual nonmajor fund financial statements, schedule of expenditures of federal awards and state financial assistance, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, and the schedule of expenditures of federal awards and state assistance are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory section and the statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 18, 2016 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Fort Pierce (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2015. Management's Discussion and Analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial positions, (d) identify any material deviations from the financial plans, and (e) identify individual fund issues or concerns. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found at the front of this report and the City's financial statements which follow this section.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of the fiscal year by \$126,328,072 of which \$49,792,408 is governmental and \$76,535,664 is the total for business-type activities.
- The City's revenues for Governmental Activities at year end were \$37,755,289 a 5.48% decrease before transfers in of \$847,537, and expenses were \$37,974,209 a 1.78% increase. The expenses exceeded the revenue by \$.219 million. The revenue decrease from 2014 was (\$2.190 million); this can be attributed to an increase in charges for services of \$2.845 million, a decrease in operating grants and contributions of (\$2.345 million) and a decrease of (\$3.072 million) in capital grants. The increase in expenses in comparison to last year was \$.664 million, resulting from increases in general government \$.517 million, public safety \$.377 million, economic environment \$.403 million and interest on long-term debt \$.024 million. The decreases were in transportation (\$.342million) and culture and recreation (\$.316 million).
- Business-type funds revenues were \$19,971,660 a decrease of 15.19% or \$3,576,978 before transfers out (\$847,537), and expenses were \$21,901,190, an increase of 5.87% or a \$1,231,566 increase from the previous year.
- At the close of the fiscal year, the City's governmental funds reported combined ending fund balances of \$14,342,140, a decrease of \$273,213; of which there was an increase of \$.164 million in General Fund, an increase of \$.027 million in debt service reserve, a \$.150 million increase in restricted revenue and grant funding and finally a \$.760 million decrease in capital project funds.

The long-term bonded debt of the City on 9/30/15 was \$89,416,556 a decrease of \$4.15 million or 4.43%. The debt services requirements were met financially.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial

statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused sick leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, transportation, economic environment, culture and recreation, and interest on long-term debt. The business-type activities include refuse collection, a marina, a golf course, a theatre and a stormwater utility and building and code fund.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Proprietary funds. The City maintains one of the two different types of proprietary funds.

Enterprise funds are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City maintains six enterprise funds to account for the following operations; a solid waste collection and disposal system, a marina, a golf course, a theatre and a stormwater utility and a building and code fund.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City’s own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City’s compliance with its General Fund budget and the City’s progress in funding its obligation to provide pension benefits to its employees. The combining and individual fund statements are included along with statistical, historic and trend information about the government’s operations.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the City, assets exceeded liabilities by \$126,328,072 at the close of the most recent fiscal year.

Approximately 87% of the City’s net position reflects its investment in capital assets (e.g., land, buildings, improvements, machinery and equipment, and infrastructure); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to its citizens; consequently these assets are *not* available for future spending. Although the City’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Governmental activities. Governmental activities accounted for a positive growth of \$628,617 in net position of the City.

Revenues decreased \$2,189,682 or 5.48% in Fiscal Year 2015. There are increases and decreases in a few categories; charges for services increased \$2.85 million. Operating grants and capital grants and contributions decreased by \$2.35million and \$3.07 million respectively. Property values continue to remain stable, resulting in slight decrease of \$76,035 in ad valorem revenue. The 1.8% or \$0.66 million increase in expenses was attributed to a decrease of (\$.34 million) in transportation and (\$.31million) in culture and recreation and the remaining increases of 1.32 million are between the following categories: general government \$.51million, public safety \$.37million, economic environment \$.40 million and interest on debt service cost \$.024 million.

Business-type activities. The business-type activities include the activities of a stormwater utility program, golf course, city marina, theatre, solid waste and building and code operations. Expenses increased \$1.21 million, the golf course and the building department expenses are consistent with 2014. The marina, the solid waste, and the theatre expenses increased \$.73 million, \$.44 million and \$.36 million respectively, whereas the stormwater utility program expenses decreased \$.47 million. Revenues decreased \$3.58 million, operating and capital grants counted for \$5.2 million of the decrease; charges for services recorded an increase of \$1.61 million.

Financial Analysis of the Government’s Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City’s *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City’s net resources available for spending at the end of a fiscal year.

As of the end of the current fiscal year, the City's *governmental funds* reported combined ending fund balances of \$14,342,140 a decrease of \$273,213 in comparison with the prior year. The non-spendable portion is \$72,213, restricted is \$9,695,521, \$550,000 is committed, \$3,767,310 is assigned and \$255,096 is unassigned and available for spending at the government's discretion.

The *general fund* is the chief operating fund of the City. The ending fund balance in 2015 is \$4,461,635, which increased \$164,402. The debt service reserve fund balance was \$3,750,413, an increase of \$.027 million. Capital projects fund balance was \$3,161,413, a decrease of \$.76 million, which represent construction of infrastructure and other capital improvements. Finally the fund balance in the special revenue funds at 9/30/2015 is \$2,678,425, an increase of \$.15 million.

Business Type Funds. The enterprise funds have unrestricted net position of \$4,277,533. Net investment in capital assets is \$72,258,131 with a combined net position total of \$76,535,664.

General Fund Budgetary Highlights

The General Fund 2015 budget revenue was \$33,309,078; the amount realized was \$34,372,554, an increase of \$1,063,476 or 3.19%. The expenditure budget was \$34,267,078, and the actual amount was \$34,208,152, a reduction of (\$58,926) or (.17%). All the budget numbers are presented without the netting of transfers in this section. Differences between the original and final revenue and expenditure budget increased fund balance by \$164,402; the changes were substantial in some categories and listed below are the major notable amendments:

- \$56,113 or .31% decrease in taxes; \$16,960 increase in ad valorem taxes, \$57,259 less in local option taxes and \$15,814 less in utility and other taxes.
- \$85,337 or 24.74% increase in licenses and permits; \$6,121 less in occupational licenses and \$85,337 more in other permits.
- \$78,430 or 46.82% increase in fines and forfeitures; violation of local ordinances produced \$71,754 more and court fines produced \$6,670 more.
- \$571,595 or 19.99% increase in intergovernmental revenue; \$164,187 increase in state shared revenue, \$303,223 increase in half cent sales tax and \$104,185 more in other intergovernmental.
- \$292,299 or 17.26% increase in miscellaneous revenue; \$107,733 increase in interest, rent, special assessments and other miscellaneous contractual, miscellaneous revenues and reimbursements increased \$177,740.
- \$131,020 or 2.34% increase in enterprise contributions; increased transfers from FPUA.
- \$164,402 or 17.16% increase in Fund Balance Appropriation; no additional fund balance appropriation was needed for fiscal 2015.
- \$58,926 or 0.17% was from various departments decreases in expenditures. The major decreases were: Administration \$228,742, Public safety \$311,084 and Culture and Recreation \$88,218. The decreases in expenditures were off-set by major increases in City attorney \$90,541, Building maintenance \$91,370, and Street maintenance \$122,133.

Capital Asset and Debt Administration

Capital assets. The City's investments in *capital assets* for its governmental and business type activities as of September 30, 2015 amounts to \$202,386,581 (this is net of accumulated depreciation). Significant additions during the year consisted of dock improvements at the Marina, street reconstruction, and park improvements. See Note H for detail information on the primary government's Capital Assets.

The City's bonded debt decreased during the year by a net \$4.15 million. The City continues to work on redevelopment projects issued under previous bond issues. The Notes to the Financial Statements (Note K) has additional information on all debt activity.

All bonded debt is insured and carries ratings from Moody's of A1, as of September 30, 2015. No direct ad valorem tax-supported debt exists at this time.

Economic Factors and Next Year's Budgets and Rates

The budget process for the 2016 budget began with a 4.62% increase or \$1,586,185 in the General Fund Budget, of which \$626,494 was restricted, and expenditures exceeding revenues by approximately \$550,000 dollars; savings from the 2015 budget were used to fund the shortfall.

Some of the significant factors considered in preparing the City's Annual General Fund Budget for Fiscal Year 2016, that caused and closed the budget gap are listed below:

- In the General Fund, the City's taxable valuation is \$1,945,136,382 compared to last year's final valuation of \$1,878,719,493. This represents an increase of approximately 3.54% or \$66,416,889. This increase in property values and the City Commission electing to increase the millage rate to 6.9000 helped to balance the budget. Increasing the millage rate generated \$.63 million, of which \$400,000 was restricted to be used to finance much needed future capital improvements and purchases.
- The City used \$1.4 million from an interfund loan to fund a new capital improvement plan. Of this \$1.4 million, \$700,000 was to be used by the Police Department for vehicles and equipment, \$575,000 for road resurfacing projects, and \$125,000 for technological improvements. \$226,494 was restricted to make the annual loan payment
- The City received from the Utilities Authority approximately \$131,020 in additional transfers under the 6% computation; using of the power cost adjustment for electric and gas for twelve months.
- The City appropriated \$.55 million from fund balance to balance General Fund's budget.
- In the 2016 budget (General Fund) the personnel services included a 3% pay increase for non-bargaining and bargaining, 4% for police officers. Health insurance premiums for employees increased .3%; retirement rates for general members are 15.03%, up from 14.61%. Police officers remained the same at 13.76%. These wage and benefit changes equated to an increase of \$356,165.
- The Fort Pierce Redevelopment Agency tax increment financing (TIF) is slowly beginning to increase. The slight increase in property tax values and the increased millage rate resulted in an increase of \$375,925; from \$4.1 million to \$4.4million. The budget is unable, as it has in the past, to support a number of special projects under historic preservation and restoration; funding for neighborhood and business grants; and other cultural and community events and functions.
- As for the business-type activities, the Marina, and Solid Waste operations had to make up their budget shortfalls by appropriating retained earnings of \$27,122, and \$191,280 in 2016. Transfers from other funds were used to balance the budget of the Sunrise Theatre (\$450,000 from Redevelopment Agency).

**RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCE TO
NET POSITION OF GOVERNMENTAL ACTIVITIES**

September 30, 2015

Total fund balance per this statement	\$	14,342,140
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are reported in the funds. The cost of the assets is \$236,062,202 and the accumulated depreciation is \$125,652,849		110,409,353
Deferred inflows related to pensions are not financial resources and therefore are not reported in governmental funds		(137,724)
Long-term liabilities (capital lease obligations, intergovernmental notes, other post employment benefits, accrued compensated absences, and pension liability) of \$85,310,131 plus unamortized premiums of \$95,128 are not due and payable and therefore, are not reported in the funds.		(85,215,003)
Governmental funds do not report a liability for accrued interest until it is due and payable. Accrued interest must be reported as a liability in the government-wide financial statements.		(650,527)
Insurance costs related to debt issuances and deferred charges on refundings are financial uses in the fund statement; for full accrual, however these expenses are reported as non-current assets in the government-wide financial statements.		966,861
Deferred outflows related to pensions are not financial resources and therefore are not reported in governmental funds		5,121,910
Various receivables, (liens receivable, loans receivable, notes receivable, and due from other governments are not financial resources in the current period and therefore, are reported as unavailable revenue in the funds.		4,955,398

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO
THE STATEMENT OF ACTIVITIES**

Year ended September 30, 2015

Net change in fund balances-total governmental funds	\$ (273,213)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures, however, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation(\$4,284,104) exceeds capital outlay(\$3,575,611) in the current period.	(708,493)
Repayment of bond and note principal (\$3,151,895) are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.	3,151,895
Compensated absences of \$13,405 and other post employment benefits of (\$ 72,710)reported in the Statement of Activities, do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.	(59,305)
In the Statement of Activities, interest is accrued on outstanding bonds; whereas in governmental funds interest expenditures are reported when due. This is the net amount between the prior and current year.	27,227
Governmental funds do not recognize expenditures for the Change in Net Pension Liability each year. This represents the change in the Net Pension Liability in the current year.	(904,983)
Bond insurance costs and discounts are reported as expenditures when paid. In the Statement of Net Position these costs are amortized. Current year amortization expense was (\$85,109)	(85,019)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. This is the net amount between the prior and current year.	(519,492)
Change in Net position of governmental activities	<u>\$ 628,617</u>

NOTES TO THE FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the City of Fort Pierce, Florida (City) have been prepared in conformity with accounting principles (“GAAP”) generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (“GASB”) is the standard-setting body for governmental accounting and financial reporting.

1. REPORTING ENTITY

The City of Fort Pierce, Florida was incorporated in 1901 under the general law. This incorporation was validated by Act of the State Legislature, Chapter 5100, Acts 1901. The City covers an area of approximately 20 square miles and is located in St. Lucie County, Florida. The City operates under an elected City Commission (5 members) and provides services to its more than 43,601 residents in the form of law enforcement, street maintenance, solid waste, culture and recreation, planning and zoning, human resources and general administrative services.

The accompanying financial statements present the primary government and its component units. Component units are legally separate entities for which the primary government is financially accountable or entities which should be included in the City’s financial statements because of the nature and significance of their relationship with the primary government.

The decision to include a potential component unit in the City’s reporting entity is based on the criteria stated in GASB Statement No. 14 – *The Financial Reporting Entity*, as amended by GASB 39, “*Determining Whether Certain Organizations are Component Units*” and GASB 61, “*The Financial Reporting Entity; Omnibus an Amendment of GASB Statements No. 14 and No. 34*” which includes the ability to appoint a voting majority of an organization’s governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burden on the City, or the nature and significance of the relationship between the City and the organization is such that exclusion would cause the City’s financial statements to be incomplete.

Blended component units, although legally separate entities, are, in substance, part of the City’s operations. Accordingly, data from these component units are included with data of the primary government. The discretely presented component unit, on the other hand, is reported in a separate column in the financial statements to emphasize that it is legally separate from the City. The financial activities and balances for each blended and discretely presented component units are as of and for the period ended September 30, 2015.

A. BLENDED COMPONENT UNITS

Community Redevelopment Agency

The Community Redevelopment Agency (CRA) was established for the purpose of carrying out redevelopment activities for certain areas existing in the City of Fort Pierce. The members of the governing board are comprised of the Fort Pierce City Commission. The CRA’s budget is subject to approval by the City Commission and the primary government has operational responsibility for the CRA.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

1. REPORTING ENTITY (CONTINUED)

B. DISCRETELY PRESENTED COMPONENT UNIT

Fort Pierce Utilities Authority

The Fort Pierce Utilities Authority (Authority) provides electric, water, wastewater and natural gas services to residents and businesses of Fort Pierce and is responsible for the management and operations of the Manatee Observation and Education Center. The members of the governing board are appointed and/or removed from office by the Fort Pierce City Commission. The budget and rates for services are subject to the approval of the Commission. Complete financial statements of the Authority can be obtained from its administrative office located at 206 South Sixth Street, Fort Pierce, Florida 34948.

C. RELATED ORGANIZATION

Fort Pierce Housing Authority

The Mayor of Fort Pierce is responsible for appointing the members of the Board of the Fort Pierce Housing Authority (FPHA), but the City's accountability for this organization does not extend beyond making these appointments. The FPHA's operating and capital expenditures, including debt service, are financed entirely from federal grants and rentals. The City has no involvement in the determination of FPHA's budget or rental rates, and has no obligation for FPHA's outstanding debt. Hence, the FPHA is not considered a component unit of the City, and no financial information is included in these financial statements.

2. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The basic financial statements include both government-wide financial statements (based on the City as a whole) and fund financial statements. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

The Government-Wide Statement of Net Position reports all financial and capital resources of the City, excluding those reported in the fiduciary funds. It is displayed in the format of assets and deferred outflows less liabilities and deferred inflows, equals net position, with the assets and liabilities shown in order of their relative liquidity. Net position is required to be displayed in three components: (1) net investment in capital assets, (2) restricted, and (3) unrestricted. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. The restricted component of net position consists of restricted assets reduced by liabilities related to those assets. Restricted assets are those with constraints placed on their use that are either: (1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation. The unrestricted component of net position is the net amount of the assets and liabilities that are not included in the determination of net investment in capital assets or the restricted component of net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. The City chooses to eliminate the general and administrative charges between governmental activities to avoid a “doubling up” effect.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *full accrual basis of accounting*, as are the proprietary fund, internal service fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The measurement focus of the governmental funds (in the Fund Financial Statements) is upon determination of financial position and changes in financial position rather than upon net income.

These governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considered property taxes as available if they are collected within 60 days after year-end. A six-month availability period is used for revenue recognition for all other governmental fund revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Taxpayer-assessed property and other taxes, and charges for regularly billed or routinely provided services, are recorded as revenue when earned, taxpayer liability has been established and collectibility is assured, or losses can be reasonably estimated. Licenses and fees, fines and forfeitures, and miscellaneous revenues are recorded when received in cash, because they are generally not measurable until actually received. Investment income from cash deposits is recorded as revenue when earned, since it is measurable and available.

The city reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *community redevelopment agency-special revenue fund* accounts for the redevelopment of designated areas within the City. Financing is provided by an incremental increase in ad valorem taxes levied each year.

The *hurricane housing recovery grant fund* accounts for the hurricane housing assistance from the state of Florida for down payment assistance and rehabilitation assistance for low income households within the City.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

The government reports the following major proprietary funds:

Business type activities

The *solid waste fund* is used to account for the solid waste disposal services provided to the residents of the City.

The *marina fund* is used to account for the activities of a special recreation facility for the residents of the City and the surrounding area.

The *storm water fund* is used to account for the storm water drainage and control services provided to the residents of the City.

The *golf course fund* is used to account for the activities of a special recreation facility for the residents of the City and the surrounding area.

The *sunrise theatre fund* is used to account for the activities of a historic theatre for the residents of the City and the surrounding area.

The *building fund* is used to account for the activities of a building department for the residents of the City.

Governmental activities

Additionally, the government reports the following fund types:

Fiduciary funds

The two pension trust funds account for the activities of the General Employees and the Police Officers' Pension Plans, which accumulate resources for pension benefit payments to qualified employees of the respective plans.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's solid waste disposal function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the solid waste, golf course, sunrise theatre, and marina enterprise funds, are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expense, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources, as they are needed.

4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE

a. Deposits and investments

The City has defined cash and cash equivalents to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State statutes and local ordinances authorize the government and the component units to invest in various types of investments as discussed in a subsequent note.

Investments of the City, as well as for its component units, are reported at fair value. The State Board of Administration Pooled Trust Fund operates in accordance with appropriate state laws and regulations. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value based on market indicators regarded as measures of equity or fixed income performance results. The City does not have a significant amount of investments valued at other than quoted market prices. Except in the pension trust funds, amortization of premium and accretion of discount on investments purchased are not recorded over the term of the investment. The effect of this policy on the financial statements of the various funds is not significant. The reported value of the pool is the same as the fair value of the pool shares.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)

b. Receivables and payables

All trade receivables are shown net of an allowance for uncollectible accounts. Unbilled service receivables represent the estimated amount of accounts receivable for services that have not yet been billed. The amount represents a timing difference between the end of the financial statement cycle (month end) and the billing cycle (varying dates each billing period).

c. Due to/Due from

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of inter-fund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans.) All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

d. Inventories and prepaid items

Inventories are valued at cost (using average cost) in governmental type funds and the lower of cost (weighted average) or market in business-type funds. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are recorded as expenditures when consumed rather than when purchased.

e. Restricted assets

Certain proceeds from bonds, notes, and loans, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants and restrictions. As a general rule these restricted assets are maintained in separate accounts.

The Fort Pierce Utilities Authority has similar restricted assets.

f. Capital assets

Capital assets, include property, plant, equipment, and infrastructure assets (e.g., road, bridges, sidewalks, and similar items), which are reported in the applicable governmental or business-type activities columns on the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)

f. Capital assets (continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight line method over the following estimated lives:

Buildings and improvements	3-55 years
Improvements other than buildings	20-25 years
Equipment	3-20 years
Public domain infrastructure	15-75 years

g. Deferred outflows/inflows of resources

The Statement of Net Position includes a separate section for Deferred Outflows of Resources. This represents the usage of net position applicable to future periods and will be recognized as expenditures in the future period to which it applies. This category includes Deferred Charge on Refunding reported on the Government-wide Statement of Net Position. The deferred charge on refunding is the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or the refunding debt. This category also amounts related to pensions for certain actuarially determined differences projected and actual investment earnings.

The Statement of Net Position also includes a separate section for Deferred Inflows of Resources. This represents the acquisition of net position applicable to future periods and will be recognized as revenue in the future period to which it applies. Currently, this category includes revenue received in advance, and amounts related to pensions for certain actuarially determined differences between projected and actual experience.

Deferred Inflows of Resources in the Governmental Funds Balance Sheet include unavailable revenue. Unavailable revenue consists primarily of special assessment, loans and notes receivable. The city considers revenues available if they are collected within 60 days of the end of the fiscal year.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION (CONTINUED)

h. Compensated absences

Accumulated unpaid vacation and sick pay and the benefits associated with them are accrued when incurred in all proprietary fund types and in the component units. In governmental and Fiduciary fund types, the cost of vacation and sick pay is recognized when payments are made to employees or when matured, as a result of employee resignation or retirement.

All sick and vacation pay is accrued when incurred in the Government-Wide Financial Statements.

i. Other Post Employment Benefits

The City provides certain health care and life insurance benefits for retired employees. The primary government recognizes the costs associated with providing these benefits as claims are paid. In the Government-Wide Financial Statements and proprietary fund types in the Fund Financial statements, other post employment benefits are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

j. Long-term obligations

In the Government-Wide Financial Statements and propriety fund types in the Fund Financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as insurance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond insurance costs are reported as deferred charges and amortized over the term of the related debt.

In the Fund Financial Statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

k. Fund equity

The City implemented GASB No. 54 “Fund Balance Reporting and Governmental Fund Type Definitions”, for the year ended September 30, 2011. The Statement requires the fund balance of governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION (CONTINUED)

1. New Accounting Standards Adopted

Effective October 1, 2014, the City adopted Governmental Accounting Standards Board Statement No. 68, Accounting and financial reporting of pensions that are provided through pension plans administered as trusts. The standards require local governments to recognize as a liability, for the first time, their long term obligation for these pension benefits. This liability is measured as the difference between the present value of projected benefit payments to be provided through the pension plan for the past periods of service and the amount of the pension plan’s net position.

5. ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

6. RESTATEMENT OF PRIOR YEAR NET POSITION

The October 1, 2014 beginning net position has been restated due to the implementation of GASB Statement 68:

	Governmental Activities	Business-type Activities	Component Unit FPUA		
Beginning Net Position	\$ 50,925,011	\$ 79,583,729	179,124,466

NOTE B - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

1. Budgetary Information

The appropriated budget is the expenditure authority created by the appropriation ordinance which is signed into law along with related estimated revenues for the general fund, and the following major special revenue funds; community redevelopment agency fund, and the hurricane housing recovery grant fund.

The amended budget reflects the appropriated budget for the general fund and special revenue funds. Budgets are not adopted for governmental funds other than the general fund and the major special revenue funds. All annual appropriations lapse at fiscal year end.

The City follows these procedures in establishing the appropriated budget reflected in the financial statement:

- a. Prior to August 15, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to October 1, the budget is legally enacted through passage of an ordinance.
- d. Formal budgetary integration is employed as a management control device during the year for the general fund and major special revenue funds. Formal budgetary integration is not employed for debt service funds because effective budgetary control is alternately achieved through general obligation bond indenture provisions.
- e. Budgets for the general fund, and major special revenue funds are adopted on a basis consistent with generally accepted accounting principles. (GAAP).
- f. The level of control (level at which expenditures may not exceed budget) is the department. Department heads may move budget appropriations from one line item to another line item within his/her department with the approval of the Director of Finance. Transfers of budget appropriations between departments must be approved by the Director of Finance and the City Manager. Any increase in budget over what was appropriated must be approved by the City Commission. Unexpended balances of appropriations lapse at year end.
- g. In accordance with past practices, after the close of the year, the budget has been amended to reflect changes in available revenues and transfers of appropriations between departments and programs.

NOTE C – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.

“Total fund balances” as reported on the City’s Governmental Funds Balance Sheet \$14,342,140 differs from the “net position” of governmental activities \$49,792,408 that are reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the Governmental Funds Balance Sheet. The effect of the differences is illustrated below.

Capital related items

When capital assets (land, buildings and improvements, infrastructure, machinery and equipment, and construction in progress that are to be used in governmental activities) are purchased or constructed, the cost of those assets is reported as expenditures in governmental funds. However, the Statement of Net Position includes those capital assets among the assets of the city as a whole:

Cost of capital assets, not being depreciated	\$	28,766,172
Cost of capital assets, being depreciated		207,296,030
Accumulated depreciation		(125,652,849)
Total	\$	<u>110,409,353</u>

Long-term debt transactions

Long-term liabilities applicable to the City’s governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position. Balances at September 30, 2015 were:

Bonds and notes payable	\$	(73,844,605)
Other post employment benefits		(821,827)
Net Pension Liability		(7,650,389)
Compensated absences		(2,898,182)
Total	\$	<u>(85,215,003)</u>

Accrued interest

Accrued liabilities in the Statement of Net Position differ from the amount reported in governmental funds due to accrued interest on bonds and revenue notes.

Bond and revenue notes	\$	<u>(650,527)</u>

NOTE C – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position (continued)

Prepaid Insurance and Deferred Charge on Refunding

Bond insurance costs and deferred charge on refunding in the Statement of Net Position differs from the amount reported in governmental funds because bond insurance costs and the difference between the carrying value of refunded debt and its reacquisition price are capitalized and amortized over the term of the bonds, whereas these costs are reported as expenditures in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance.

Net bond insurance costs	\$ 476,259
Net Deferred charge on refunding	\$ 490,602

Unavailable revenues

Unavailable revenues in the Statement of Net Position differ from the amount reported in governmental funds due to various receivables. Governmental fund financial statements report unearned revenues or revenues which are measurable but not available, as unavailable revenues. However, unavailable revenues in governmental funds are subject to full accrual on the government-wide financial statements.

Liens receivable	\$ 1,351,666
Loans receivable	13,053
Notes receivable	3,590,679
Deferred revenues	\$ 4,955,398

Deferred Inflows and Outflows from Pension Activity

Deferred inflows and outflows related to pensions are not financial resources and are not reported in governmental funds.

Deferred Inflows-Pensions	\$ (137,724)
Deferred Outflows-Pensions	\$ 5,121,910

Elimination of inter-fund receivables/payables

Inter-fund receivables and payables in the amount of \$211,318 between governmental funds have been eliminated for the Statement of Net Position.

NOTE C – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The “net change in fund balances” for government funds \$(273,213) differs from the “change in net position” for governmental activities \$628,617 reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below.

Capital related items

When capital assets are purchased or constructed for governmental activities, the resources expended for those assets are reported as expenditures in governmental funds. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balances decrease by the amount of financial resources expended, whereas net position decreases by the amount of depreciation expense charged for the year.

Capital outlay	\$ 3,575,611
Depreciation expense	(4,284,104)
	<u>\$ (708,493)</u>

Long-term debt transactions

Repayments of principal on bonds, notes, and capital leases are reported as expenditures in the governmental funds and, thus, have the effect of reducing fund balance because current financial resources have been used. Principal payments reduce the liabilities in the Statement of Net Position, but do not result in an expense in the Statement of Activities.

Bond principal payments	<u>\$ 3,151,895</u>
-------------------------	---------------------

Some expenses reported in the Statement of Activities do not require the use of current financial resources, and therefore, are not reported as expenditures in the governmental funds. The amounts listed below are the net of prior and current fiscal years and are included in the Statement of activities.

Net change in other post employment benefits	<u>\$ (72,710)</u>
Net change in compensated absences	<u>\$ 13,405</u>
Net interest adjustment	<u>\$ 27,227</u>
Net Change in Pension Liability	<u>\$ (904,983)</u>

NOTE C – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

Bond issuance costs

Bond issuance costs are reported as expenditures in the governmental funds. However, in the Statement of Activities, the bond issuance costs are amortized over the terms of the bond agreement.

Amortization expenses	\$ (85,019)
-----------------------	-------------

Deferred revenues

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Net change in Deferred Revenue	\$ (519,492)
--------------------------------	--------------

Reclassification and Eliminations

The General Fund recognizes revenues in the amount of \$1,051,466 for the general administrative charges to the various functions. These revenues and expenditures must be eliminated to avoid “double counting”. Transfers in and transfers out in the amount of \$12,828,067 between governmental activities are eliminated in the government-wide financial statements.

City of Fort Pierce, Florida
NOTES TO FINANCIAL STATEMENTS

NOTE D – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments. The carrying amount of these deposits at September 30, 2015 was \$21,367,988 and the bank balance was \$21,420,257. The deposits are insured by federal depository insurance or collateralized under the provisions of Chapter 280, Florida Statutes.

Deposits - Florida statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral for their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits. The City had deposits only with qualifying institutions as of September 30, 2015, or with banks in which depository insurance was sufficient to cover the deposit balance.

Cash resources of the individual funds are combined to form a pool of cash and investments which is managed by the City Finance Director. Cash equivalents consist of demand deposits, certificates of deposit, and money market accounts. Investments in the pooled fund consist of Repurchase agreements (overnight), Treasury notes, and Government securities.

The City and FPUA also invests in the SBA Pooled Trust Funds which are governed by Chapter 19-7 of the Florida Administrative Code, which identifies the Rules of the SBA. Additionally, the Office of the Auditor General performs the operational audit of the activities and investments of the SBA. Investments in the SBA consist of the Florida Prime and the Fund B surplus Trust Fund (Fund B). Additional information regarding the Local Government Surplus Funds Trust Fund may be obtained from the State Board of Administration.

The Florida PRIME has met the criteria as a "2a7-like" pool; this pool was assigned a rating of AAAM by the Standards and Poor's Rating Service. The City has a balance of \$24,887 and FPUA has a \$5,207,438 balance at September 30, 2015. The fair value of the position in the pool is valued the same as the pooled shares.

The Florida Municipal Investment Trust (Municipal Trust) was created under the laws of the State of Florida to provide eligible units of local government with an investment vehicle to pool their surplus funds and to reinvest such funds in one or more investment portfolios under the direction and daily supervision of an investment advisor. The Florida League of Cities serves as the administrator, investment manager and secretary-treasurer of the Trust. The Municipal Trust is not a registrant with the Securities and Exchange Commission (SEC); however the board has adopted operating procedures consistent with the requirements for a "2a-7 like" pool.

Fixed income securities have inherent financial risks, including credit risk and interest rate risk. Credit risk for fixed income securities is the risk that the issuer will not fulfill its obligations. Nationally recognized statistical rating organizations (“NSROs”), such as Moody’s and Standard and Poor’s, assign credit ratings to security issuers and issues that indicate a measure of potential credit risk to investors. Fixed income securities considered investment grade are those rated at least Baa by Moody’s and BBB by Standard and Poor’s.

NOTE D – CASH AND INVESTMENTS (CONTINUED)

Credit Risk. State law limits investments in corporate notes to the top two ratings issued by nationally recognized statistical ratings organizations (NRSROs). It is the City's policy to limit its investments in these investment types to A or better, with a maximum 15% discretionary allocation to BBB by Standard and Poor's. Money Market securities rated A1/P1 by Standard and Poor's/Moody's are allowed. The City has certain investments in an unrated 2a7-like investment pool administered by the State of Florida and the Florida League of Cities.

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy discourages long-term investments. For the City's pension plans, maturities are significantly longer. The pension system may invest in various mortgaged-backed securities, such as collateralized mortgage obligations. These securities are based on cash flows on underlying mortgages. Therefore, they are sensitive to prepayments by mortgagees, which may result from a decline in interest rates.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the city will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's pension funds consist of uninsured, unregistered investments held by a counterparty's trust department but not in the City's name.

Investments - The primary government, except for the Enterprise Fund and Expendable Pension Trust Funds, is authorized by Ordinance to invest in:

1. Local Governmental Surplus Trust Funds
2. Interest-bearing time deposits or savings accounts in banks organized under the laws of this State or the United States and doing business in this State as detailed in the investment policy of the City.
3. Deposits and certificates of deposit in out-of-state banks, savings and loan associations and other regulated financial institutions as may be required by contractual agreements when approved by the City Commission.
4. Negotiable direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States Government at the then prevailing price for such securities.
5. Repurchase Agreements, secured by the type of investment listed above, restricted as to acquisition, term, and market value.

These contracts are not firm commitments, and the contractors are utilized as needed. As of September 30, 2015, there were no remaining unit price contract commitments for the construction and renovation of FPUA system assets.

NOTE I - EMPLOYEE RETIREMENT SYSTEMS

The City participates in two retirement and benefit plans. The General Employees' Retirement and Benefit System covers all primary government and component unit employees. The Municipal Police Officers' Retirement Trust Fund covers the City's police officers. The City and The Utilities Authority, a component unit, offer a Deferred Retirement Option Plan (DROP).

The General Employees' Retirement and Benefit System

Plan Description

The General Employees' Retirement and Benefit System (the System) is a cost-sharing multiple-employer PERS defined benefit plan administered by the City covering all municipal employees, including the Fort Pierce Utilities authority employees (FPUA). The System does not issue a stand-alone financial report but is included in the Pension Trust Fund of the City's financial statements. Participation in the Plan is compulsory for all full-time employees of the City, who are eligible upon employment.

Upon retirement, members are entitled to an annual retirement benefit, payable for life, of total service times 3.0% of final average salary, based upon the highest five consecutive years of the last ten years for General Employees and Utilities Authority.

Plan Changes effective for October 1, 2012

For members hired prior to October 1, 2012:

- Benefits vest 100% after five years of service.
- Overtime hours included in compensation are limited to 300 hours per year.
- Payments for unused sick/vacation time are limited to the September 30, 2012 balance.
- Maximum pension benefit paid is \$100,000 per year.

For members hired after October 1, 2012:

- Benefits vest 100% after ten years of service.
- Overtime hours included in compensation are limited to 300 hours per year.
- Maximum pension benefit paid is the lesser of \$100,000 or 5% of final five year average.

Police receive 3.0% of final average salary, based upon the highest five years out of the last ten years. (Optional benefit forms are available on an actuarial equivalent basis.) The system also provides death and disability benefits. These benefit provisions and all other requirements are established and may be amended by State Statute and City ordinance. Ad hoc increases in benefits may be granted periodically by a decision of the Retirement Board with the approval of the City Commission.

NOTE I - EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

Funding Policy

Per City Code Section 13-39 and 13-40, as amended by Ordinance K-121, the City and FPUA employees are required to contribute 5.16% and 6.16% respectively of their annual salary to the System whether or not they are subject to collective bargaining. The employer is required to contribute actuarially determined amounts which, together with member contributions, are sufficient to fund the System. Administrative costs are financed through investment earnings.

The System funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. The normal cost and actuarial accrued liability are determined using an attained age actuarial funding method. Unfunded actuarial accrued liabilities are being amortized at a level percent of payroll over periods of 1-30 years.

Membership

At September 30, 2015, the Plan's membership consisted of: (1) 501 retirees and beneficiaries currently receiving benefits and 37 terminated employees entitled to benefits but not yet receiving them; (2) 340 vested active employees; and (3) 180 non-vested active employees.

Benefits

The plan provides retirement, termination, disability, and death benefits to all full time employees.

Normal Retirement- Eligibility occurs at 25 years of service regardless of age, or at age 60(55 for police officers) with 5 years of service. Retirees receive of 3% of final average salary times total service with a maximum of \$100,000 per year.

Non-Duty Disability Retirement- Benefits occur after 5 years of service; computed as a normal retirement based upon service and final average salary at date of disability.

Duty Disability Retirement- No service requirement; computed as a normal retirement based upon service projected to the end of the duty disability period and final average salary at the time of disability.

Non-Duty Pre-Retirement Death Benefit- Benefits occur after 5 years of service; computed as a normal retirement but actuarially reduced in accordance with a 100% joint and survivor election.

Duty Pre-Retirement Death Benefit- No age of service requirement benefits begin upon termination of workers compensation; benefits paid at the same amount that was paid by workers' compensation to the spouse until death, or to unmarried children under 18 and dependents of parents.

Deferred Retirement Option Plan-Eligibility is based on normal retirement. The maximum participation period is 5 years, but not beyond 30 years of service. The benefit is calculated as normal retirement but based on service and final average salary at the date of the DROP election. Member contributions cease and monthly benefits accumulate in a self-directed DROP account and are payable upon termination of employment.

Contributions

For the Three years ended 2013, 2014 and 2015, employer contributions to the Plan, all made in accordance with actuarially determined requirements, were \$3,566,751, \$4,356,127 and \$4,093,268 which was 13.46%, 16.51% and 15.66% respectively, of annual covered payroll.

Actuarial Assumptions

The annual required contribution for the current year was determined as part of the September 30, 2015 actuarial valuation of the Plan. The following methods and assumptions were used to determine the contribution rates:

Valuation date	September 30, 2014
Actuarial cost method	Entry Age Normal
Amortization method	Level Percent of Payroll, closed
Remaining amortization period	1-30 years as of September 30, 2014
Asset valuation method	4-year smoothed market
Wage Inflation	4.5%
Salary increases	General & Utilities Authority; 4.5% to 8.7%, including inflation Police; 4.5% to 8.5%
Investment rate of return	8.00%
Long-term municipal bond rate	3.71%
Retirement Age	Age and service-based tables that are specific to the type of eligibility
Mortality	RP-2000 Combined Mortality Table for males and females. No margin for future mortality improvement are included in these tables.
Cost-of-living Adjustment	COLA's are granted if the investment return exceeds the investment return assumption and the cumulative actuarial gains and losses since 1995 are positive. Because the cumulative gains and losses are (32) million, the COLA provision is assumed to not operate for the indefinite future.

Discount Rate

A single discount rate of 8.00% is used to measure the total pension liability. This single rate was based on the expected rate of return on pension plan investments of 8.00%. The projection of cash flows used to determine this single discount rate assumes that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Schedule of funding Progress

The annual required contribution for the current year was determined as part of the September 30, 2015 actuarial valuation of the Plan using the individual entry age actuarial cost method. Significant actuarial assumptions included (a) a rate of return on the investment (net of administrative expenses) of 8.0%; (b) projected salary increases of 4.5% to 8.7% per year; and (c) the assumption that benefits will not increase after retirement. Assumption (a) includes an inflation component of 4.5%. The unfunded actuarial accrued liability was financed at a level percent of member payroll, closed.

Municipal Police Officers' Retirement Trust Fund

Plan Description

The Municipal Police Officers' Retirement Trust Fund (the Fund) is a single employer defined benefit plan administered by the City for the benefit of its police officers. The Fund is established under the provisions of Chapter 185 Florida Statutes. The Fund does not issue a stand-alone financial report, but is included in the Pension Trust Fund of the City's financial statements. Participation in the Plan is compulsory for all police officers of the City, who are eligible upon employment.

Police officers with ten or more years of continuous service with the police department are eligible for benefits. On April 15, 1985, the Fort Pierce City Commission approved an amendment to the benefit provisions of the Pension Trust. Prior to the amendment, all police officers who were eligible for benefits had the option to accept a lump sum in cash or the purchase of an annuity equal to the value of the lump sum payment at the date of retirement.

NOTE 1 - EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

The amendment allows lump sum payments only to participants hired prior to December 17, 1984.

These benefit provisions and all other requirements are established and may be amended by State Statute and City Ordinance. Ad hoc increases in benefits may be granted periodically by a decision of the Police Retirement Board with approval by the City Commission.

Membership

As of September 30, 2015, Plan membership consisted of: (1) 28 retirees and beneficiaries currently receiving benefits and 2 terminated employees entitled to benefits but not yet receiving them; (2) 61 vested active employees; and (3) 43 non-vested active employees.

Funding Policy

Contribution requirements for the Plan are established and may be amended by State law and City ordinance. Contributions for the Plan are financed principally by contributions from the State of Florida, which are financed by a .85% excise tax on casualty insurance premiums on policies covering property within the corporate limits of City of Fort Pierce, as provided under provisions of Chapter 185, Florida Statutes. Current year contributions to the plan from the State of Florida were \$265,449. The revenue and corresponding expense are recorded in the general fund. In accordance with City Code Section 13-169 each Plan member is required to make contributions of 7 percent of their salaries to the Plan. The funding policy for the Plan is actuarially determined in that an annual actuarial valuation is made to determine if State and employee contributions are sufficient to fund the Plan. The City is not required to contribute in any way to the Plan. Administrative costs are financed through investment earnings.

The actuarial valuation as of September 30, 2015 found anticipated revenues to be sufficient to fund the current year benefits provided by the Plan in accordance with the provisions of Chapter 185, Florida Statutes.

Benefits

The plan provides retirement, termination, disability, and death benefits to all full time police officers.

Normal Retirement- Benefits occur at age 55 with 10 years of service, or 25 years of service. Retirees receive the greater of 2% of final average salary times total service with a maximum of \$1,000 per month, or 1% of final average salary times credited service up to 30 years. Maximum

Early Retirement-Benefits occur at age 45 with 10 years of service. Retirees receive 2% of final average salary times total service, with a maximum benefit of \$1,000 per month. The pension is reduced by 3% for each complete year retirement age precedes 55.

Disability Retirement- Benefits occur after 10 years of service. A lump sum payment equal to the actuarial equivalent of pension benefit the member accrued as of the date of disability.

Pre-Retirement Death Benefit- Benefits occur after 10 years of service. A lump sum payment equal to the actuarial equivalent of pension benefits to which the deceased member would have been entitled at normal retirement age.

NOTE I - EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

Deferred Retirement Option Plan-Eligibility is based on normal retirement. The maximum participation period is 5 years, but not beyond 30 years of service. The monthly pension is calculated with normal retirement based on frozen years of service and final average salary at the time the member elects to participate in DROP.

Pension Liabilities, Pension Expense and Deferred Outflows and Inflows of Resources

At September 30, 2015, the City reported a liability of \$1,295,959 for its share of the net pension liability. The net pension liability was measured at September 30, 2015 with an actuarial valuation date of September 30, 2014.

For the year ended September 30, 2015, the city recognized pension expense of \$321,791. The City reported deferred outflows of resources and deferred inflows of resources from the following sources:

Actuarial Assumptions

The annual required contribution for the current year was determined as part of the September 30, 2015 actuarial valuation of the Plan. The following methods and assumptions were used to determine the contribution rates:

Valuation date	September 30, 2014
Actuarial cost method	Entry Age Normal
Amortization method	Level Percent of Payroll, closed
Remaining amortization period	18 years
Asset valuation method	4-year smoothed market
Inflation rate	2.5%
Salary increases	3.5% to 6.5%
Investment rate of return	7.25%
Retirement Age	Experienced-based table of rates that are specific to the type of eligibility condition
Mortality	RP-2000 Combined Healthy Participant Mortality Table for males and females with mortality improvement projected to all future years after 2000 using Scale AA

Discount Rate

A single discount rate of 7.25% is used to measure the total pension liability. This single rate was based on the expected rate of return on pension plan investments of 7.25%. The projection of cash flows used to determine this single discount rate assumes that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 1 - EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

Currently an annual actuarial evaluation is performed for both Plans. The most recent actuarial valuations were performed for the year ended September 30, 2015. Other information regarding contributions and funding progress is included as supplementary information to this report.

The City accounts for both plans as pension trust funds; therefore, they are accounted for in substantially the same manner as proprietary funds with an economic resources measurement focus and the accrual basis of accounting. Plan member contributions, employer contributions and contributions from other entities are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with terms of the plans. Plan assets are valued at fair market value for financial statement purposes.

The defined benefit plans do not issue stand-alone financial reports and are not included in any other retirement system's or entity's financial report. Financial statements for the individual pension plans are presented below since separate GAAP financial reports have not been issued for the individual plans.

NOTE J - DEFERRED COMPENSATION PLAN

The primary government (the City) and the component unit (the Authority) offer employees a deferred compensation Plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all employees, permits them to defer a portion of their salary until future years. The deferred compensation assets are not available to employees until termination, retirement, death, or unforeseeable emergency.

During the year ended September 30, 1997, the assets in the plan were transferred into trust funds. The assets are protected by the trust agreement from any claims on the employer and from any use by the employer other than paying benefits to employees and their beneficiaries in accordance with the plan. In accordance with GASB Statement No. 32, the plan's assets and related liability were removed from the City and the Authority balance sheets as of September 30, 1997.

NOTE K – LOANS AND BONDS PAYABLE (CONTINUED)

Stormwater Utility System Revenue Bonds, Series 2002

The Series 2002 Bonds were issued pursuant to Chapter 166, Part II, Florida Statutes, The City Charter and Resolution No. 02-165 as supplemented for the purpose of (i) making certain capital improvements to the City's storm-water utility system and (ii) financing the costs of issuance of the Series 2002 Bonds including the municipal bond insurance premium and reserve policy premium. The resolution provides for the creation and establishment of the following funds:

1. Reserve Fund – For deposit of an amount equal to the reserve requirement to be used only for the purpose of the payment of amortization installments, principal of, or interest on the outstanding bonds when the other monies are insufficient therefore, and for no other purpose. The “reserve account requirement” is defined as the lesser of (i) the maximum debt service requirement, (ii) 125% of the average annual debt service requirement, or (iii) 10% of the proceeds of the Series 2003 Bonds. As provided for in the resolution, the City elected to provide for the maximum reserve by purchasing a surety bond through Ambac Assurance Corporation in the amount of \$392,248, which is the maximum bond service requirement.
2. Construction Fund – Proceeds from the bond issuance, after payment of costs and expenses related to issuance of the bonds, shall be deposited into the Construction Fund for purposes of paying project costs.

The Series 2002 Bonds and interest thereon are payable from and secured by a first lien and pledge upon the (i) Storm-water Revenues of the System and(ii) the moneys on deposit in the various funds and accounts created by the resolution, with exception to the Rebate Fund.

The Series 2002 Bonds maturing on or prior to October 1, 2013, are subject to optional redemption on or after October 1, 2012. The Series 2002 Bonds maturing on October 1, 2018 are subject to mandatory sinking fund redemption beginning October 1, 2016. The Series 2002 Bonds maturing on October 1, 2022 are subject to mandatory sinking fund redemption beginning October 1, 2019. The Series 2002 Bonds maturing on October 1, 2027 are subject to mandatory sinking fund redemption beginning October 1, 2023.

Capital Improvement Revenue Bonds, Series 2004

The Series 2004 Bonds were issued pursuant to Chapter 166, Part II, and Chapter 218, Part VI, Florida Statutes, the City Charter and Resolution No. 04-20, as supplemented for the purpose of (i) financing the reconstruction and improvement of a City-owned golf course (ii) to capitalize a portion of the interest accruing on the Series 2004 Bonds, and (iii) finance the costs of issuance of the Series 2004 bonds including the financial guaranty insurance premium and reserve policy premium. The resolution provides for the creation and establishment of the following funds:

NOTE K – LOANS AND BONDS PAYABLE (CONTINUED)

Capital Improvement Revenue Bonds, Series 2004

1. Reserve Fund – For deposit of an amount equal to the reserve requirement to be used only for the purpose of the payment of amortization installments, principal of, or interest on the outstanding bonds when the other monies are insufficient therefore, and for no other purpose. The “reserve account requirement” is defined as the lesser of (i) the maximum bond service requirement, (ii) 125% of the average annual bond service requirement, or (iii) 10% of the proceeds of the Series 2004 Bonds. As provided for in the resolution, the City elected to provide for the maximum reserve by purchasing a surety bond through Financial Guaranty Insurance Company in the amount of \$310,777, which is the maximum bond service requirement.
2. Construction Fund – For deposit of all remaining bond proceeds after payment of all costs and expenses in connection with the preparation, issuance and sale of the bonds and funding of the reserve account. Amounts deposited into the construction fund shall be used for the purpose of paying construction costs.

The Series 2004 Bonds and interest thereon are payable from amounts the City has covenanted and agreed to appropriate in its annual budget by amendment if necessary, from non-ad valorem funds sufficient to pay principal of, redemption price, if any, and interest on the Series 2004 Bonds when due.

The Series 2004 Bonds maturing on or after to December 1, 2014, are not redeemable prior to their respective maturities. The Series 2004 Bonds maturing in the year 2028 are subject to mandatory redemption.

Redevelopment Revenue and Refunding Bonds, Series 2005

The Series 2005 Bonds were issued under and pursuant to Chapter 163, Part III, Florida Statutes, the City Charter and Resolution No. 05-33, and Fort Pierce Redevelopment Agency as supplemented for the purpose of (i) acquiring and constructing community redevelopments, (ii) make a deposit to the Series 2005 Subaccount within the Reserve Account in an amount equal to the Reserve Account Requirement for the Series 2005 Bonds, (iii) to refund and defease all of the Agency’s Outstanding Redevelopment Revenue Bonds, Series 2003(the “Refunded Bonds”), and (iv) financing the costs of issuance of the Series 2005 Bonds including the municipal bond insurance premium and reserve policy premium. The resolution provides for the creation and establishment of the following funds:

1. Reserve Fund – For deposit of an amount equal to the reserve requirement to be used only for the purpose of the payment of amortization installments, principal of, or interest on the outstanding bonds when the other monies are insufficient therefore, and for no other purpose. As provided for in the resolution, the City elected to provide for the maximum reserve by purchasing a surety bond through XL Capital Assurance.

NOTE K – LOANS AND BONDS PAYABLE (CONTINUED)

2. Construction Fund – Proceeds from the bond issuance, after payment of costs and expenses related to issuance of the bonds, shall be deposited into the Construction Fund for purposes of paying project costs.

The Series 2005 Bonds and interest thereon are payable from and secured by a first lien and pledge upon the Tax Increment Revenues, and until applied in accordance with the provisions of the Debt resolution the City has agreed to appropriate in its annual budget, by amendment, if necessary, from non-ad valorem funds, amounts sufficient to pay principal of and interest on the Series 2005 Bonds to the extent pledged funds are insufficient thereon.

The Series 2005 Bonds maturing on or after May 1, 2016, are subject to optional redemption on or after May 1, 2015. The Series 2005 Bonds maturing on May 1, 2023 are subject to mandatory sinking fund redemption beginning May 1, 2021. The Series 2005 Bonds maturing on May 1, 2026 are subject to mandatory sinking fund redemption beginning May 1, 2024. The Series 2005 Bonds maturing on May 1, 2030 are subject to mandatory sinking fund redemption beginning May 1, 2027.

Redevelopment Revenue Bonds, Series 2006

The Series 2006 Bonds were issued under and pursuant to Chapter 163, Part III, Florida Statutes, the City Charter and Resolution No. 06-04, and Fort Pierce Redevelopment Agency as supplemented for the purpose of (i) acquiring and constructing community redevelopments, (ii) financing the costs of issuance of the Series 2006 Bonds including the municipal bond insurance premium and reserve policy premium. The resolution provides for the creation and establishment of the following funds:

1. Reserve Fund – For deposit of an amount equal to the reserve requirement to be used only for the purpose of the payment of amortization installments, principal of, or interest on the outstanding bonds when the other monies are insufficient therefore, and for no other purpose. As provided for in the resolution, the City elected to provide for the maximum reserve by purchasing a surety bond through XL Capital Assurance.
2. Construction Fund – Proceeds from the bond issuance, after payment of costs and expenses related to issuance of the bonds, shall be deposited into the Construction Fund for purposes of paying project costs.

The Series 2006 Bonds and interest thereon are payable from and secured by a first lien and pledge upon the Tax Increment Revenues and certain moneys and investments on deposit in the debt service fund.

The Series 2006 Bonds maturing on or after May 1, 2017, are subject to optional redemption on or after May 1, 2016. The Series 2006 Bonds maturing on May 1, 2031 are subject to mandatory sinking fund redemption beginning May 1, 2022. The Series 2006 Bonds maturing on May 1, 2026 are subject to mandatory sinking fund redemption beginning May 1, 2024.

Capital Improvement Revenue Note, Series 2014

The Series 2014 Notes were issued for the purpose of: (i) financing the City’s cost of acquiring and installing energy efficient conservation equipment under a guaranteed energy, water and wastewater performance contract(ii) finance the costs of issuance of the Series 2014 notes.

The Series 2014 Notes and interest thereon are payable from amounts the City has covenanted and agreed to appropriate in its annual budget by amendment if necessary, from non-ad valorem funds sufficient to pay principal of and interest on the Series 2014 Notes when due.

Capital Improvement Revenue Note, Series 2014A and 2014B

The Series 2014 Notes were issued for the purpose of: (i) financing the construction of improvements and rehabilitation of the city owned and operated marina. (ii) finance the costs of issuance of the Series 2014 notes.

The Series 2014 Notes and interest thereon are payable from net marina revenues and the half-cent sales tax.

Defeasance of Revenue Bonds Payable

In prior years, the city defeased certain outstanding Redevelopment Revenue Bonds payable from tax increment revenues. The city also defeased certain Sunshine Governmental Financing Commission Revenue Notes payable from Non-Ad Valorem Revenues appropriated in the City’s annual budget. For each issue, the City deposited proceeds of the refunding bonds in an irrevocable trust account to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the City’s financial statements.

At September 30, 2015 the following bonds are considered defeased:

Other Requirements

The Series 1999, 2002, 2009, and 2012 bond issues provide that the Authority accumulate monthly 1/6 of the amount of all interest becoming due on the next semi-annual interest payment date, and 1/12 of the amount of principal which will become due and payable on the next principal maturity or sinking fund installment date. Additionally, the issues require renewal and replacement and emergency reserve and reserve subaccount funds with minimum requirements of \$500,000, \$900,000 and \$4,139,000, respectively. These reserves are funded in the amounts of \$500,000, \$1,273,000, and \$4,930,000, respectively, at September 30, 2015.

Series 1999A Bonds maturing on or after October 1, 2010 are redeemable prior to their stated dates of maturity, at the option of the Authority, at par plus interest accrued to the redemption date.

The 2002 Bonds maturing in the year 2027 are redeemable, prior to their stated dates of maturity, at the option of the Authority beginning April 1, 2012 at par plus accrued interest to the redemption date. On March 4, 2016, FPUA issued Utilities Refunding Revenue Bond, Series 2016, in the amount of \$9,545,000 at a rate of 2.14%, in accordance with the above provision.

Other Requirements

The 2003 Bonds maturing on or after October 1, 2014 are redeemable prior to their stated date of maturity, at the option of the Authority, beginning October 1, 2013 at par. On November 14, 2012, the Authority issued Taxable Utilities Refunding Revenue Bonds, Series 2012, in the amount of \$20,896,000, in order to provide funds for the redemption of \$19,940,000 of the 2003 bonds, in accordance with the above provisions.

The Series 2009 Bonds maturing in the year 2029 with an interest rate of 4.70% are redeemable, prior to their stated date of maturity, at the option of the Authority, on or after October 1, 2014. The Series 2009 Bonds maturing on or after October 1, 2020 (excluding those maturing in the year 2029) are redeemable, prior to their stated date of maturity, at the option of the Authority, on or after October 1, 2019 at par plus accrued interest to the redemption date.

In prior years, the Utilities Authority defeased certain outstanding utilities revenue bonds issued for the systems payable out of revenues derived from the operation of the utility systems. These defeasances were achieved by placing the proceeds of refunding bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liabilities (including bond discounts and finance costs) for the defeased bonds are not included in the component unit's financial statements. At September 30, 2015, Utilities Revenue Bonds Series 1991, in the amount of \$27,355,000 and the Utilities Revenue Bonds Series 2003 in the amount of 19,940,000 are considered defeased.

NOTE L - INTERFUND ADVANCES, RECEIVABLES, PAYABLES, AND TRANSFERS

Advances

During the year ending September 30, 2015, the Section 108 Debt Service fund advanced approximately \$1,090,000 to the Marina Fund to aid in the construction of new docks. Terms of the loan require 96 monthly payments of \$12,903, including interest at 3%. At September 30, 2015, the long-term portion of the advance was \$904,477.

The General Fund also received an annual transfer from the Solid Waste Fund, Marina Fund, and Golf Course. The Community Redevelopment Agency Fund received a transfer from the General Fund for assistance with debt service. The Golf Course received a transfer from the Solid Waste Fund to support operations.

NOTE M - TRANSACTIONS WITH COMPONENT UNITS

Fort Pierce Utilities Authority (a discretely presented component unit)

Transactions occur throughout the year in the ordinary course of operations between the City and the Fort Pierce Utilities Authority (FPUA) (a proprietary fund and component unit of the City). A summary of significant transactions follows:

Vehicle Maintenance - The City charges the FPUA, on a monthly basis, for fuel used by FPUA vehicles.

Non-metered and Metered Service Charges - The FPUA bills the City, on a monthly basis, for all nonmetered and metered services.

Charges to City residents for sanitation and utility taxes are included on the FPUA's monthly billing statements to customers as a service to the City. The FPUA acts only as an agent with all cash collections relating to the charges forwarded directly to the City. The City is charged \$187,000 annually by the FPUA for performance of these services.

City of Fort Pierce, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE M - TRANSACTIONS WITH COMPONENT UNITS(CONTINUED)

Total charges to the City for nonmetered and metered services for the year ended September 30, 2015 were approximately \$1,677,000. Total disbursements made to the City by the FPUA, including payments of utility tax and sanitation charges collected during year ended September 30, 2015, were approximately \$14,841,000. Amounts receivable from the FPUA at September 30, 2015 were \$874,000.

The Fort Pierce City Charter, Article X, Section 140 (as amended by referendum on October 4, 1995), provides that each year the Utility Authority shall pay to the City of Fort Pierce a sum equal to six percent of gross revenues derived from the operation of the utilities for the preceding fiscal year. The city commission, by majority vote, may agree to accept a lesser percentage. For purposes of this section the Charter defines gross revenues as all income derived from retail sales of electricity, gas, and wastewater disposal; wholesale and retail sales of water; gains on sales of assets, interest, rents, royalties, dividends, and management fees. Where a power cost adjustment or purchase gas adjustment is utilized, gross income shall mean the amount billed based upon the applicable rate without a debit or credit for the cost adjustment. For the year ended September 30, 2015, the amount transferred to the General Fund under this provision was \$5,735,000.

The City entered into an agreement with the Utility Authority to receive an advance on future distributions of revenue. The City received \$1,250,000 during the year ending September 30, 2014. The City will repay this advance through a reduction of future revenue of \$416,668 in 2017 and 2018 and a final reduction in 2019 of the balance including interest at the average interest rate earned by the Utility Authority on its pooled cash accounts during their most recent fiscal year. The advance is included in deferred inflows of resources in the statement of net position.

NOTE N - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City's risk management program mainly encompasses obtaining property and liability insurance through commercial insurance carriers. During the year ended September 30, 2015, the City paid premiums of approximately \$1,230,000 to commercial insurance carriers for provisions of various liability, property, casualty and workers compensation insurance. The City has various deductible amounts ranging from \$500 to \$25,000 on various policies. At year-end, the City did not have any significant claims. There were no significant changes in coverage retention, or limits during the fiscal year. The General Fund handles property claims for the City and absorbs the loss for any amounts below the deductible amounts.

NOTE N - RISK MANAGEMENT (CONTINUED)

The City contracted with Blue Cross and Blue Shield of Florida for health insurance for its employees, effective June 1, 2008. Prior to June 1, 2008, the City was a self-insurer for the health and accident claims of its employees. The City closed the Internal Service Fund as of September 30, 2009 and accordingly, no current claims liability is reported.

The City adopted the provisions of GASB No. 49, *Accounting and Reporting for Pollution Remediation Obligations*, in the fiscal year ending September 30, 2011. Fort Pierce Utilities Authority transferred property to the Fort Pierce Redevelopment Agency, for which there is a dual responsibility for post remediation monitoring. The estimated cost related to the cleanup is discussed in Note W.

NOTE O - POST-EMPLOYMENT HEALTH CARE BENEFITS

In addition to providing pension benefits, the City provides certain health care and life insurance benefits for retired employees. Substantially all of the City's employees may become eligible for those benefits if they reach normal retirement age while working for the City. The primary government recognizes the costs associated with providing these benefits as premiums are paid. The FPUA (a component unit) recognizes the cost as it is incurred. Premiums paid by retirees for the primary government and for the FPUA total approximately \$95,000 and \$166,000, respectively.

Section 112.0801, Florida Statutes, as amended by Sections 1 and 2 of Chapter 87-373, Laws of Florida, requires all public employers to allow their retirees to participate in the same health group plan or self-insurance plan offered to their active employees. There are currently 22 City retirees and 45 Utilities Authority retirees participating in the health insurance plan.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing relative to the actuarial accrued liabilities for benefits over time.

The Other Post Employment Benefit plan is a single-employer benefit plan administered by the City. Retiree's are charged the same rate by the insurance company as active employees. Premiums charged by the insurance company are a blended rate based on the experience of younger active employees and older retired employees. Since retirees actually have higher costs yet pay the same rate as younger active employees, the city actually subsidizes the cost of the retirees' health insurance coverage.

Funding Policy

As of September 30, 2014, the most recent actuarial valuation date, the plans were unfunded. The unfunded actuarial accrued liability was \$1,880,650 and \$786,000 for the City and FPUA respectively.

The covered payroll for active employees covered by the plan was \$16,397,618 and \$14,430,000 for the City and FPUA. The ratio of the UAAL to covered payroll was 11% for the City and 5.4% for the FPUA. As of September 30, 2015, the plan remains unfunded.

NOTE O - POST-EMPLOYMENT HEALTH CARE BENEFITS(CONTINUED)

Actuarial Methods and Assumption

In any long-term actuarial valuation, certain demographics, economic and behavioral assumptions must be made concerning the population, investment discount rates, and the benefits provided. These actuarial assumptions form the basis for the actuarial model which is used to project the future population, benefits to be provided, and contributions to be collected. The investment return rate assumption is used to discount the future benefits to a present value on the valuation date. While assumptions such as future rates of retirement and mortality are similar for both OPEB and pension plans, there are some additional assumptions. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the September 30, 2014 actuarial valuation, the Individual Entry Age Normal Actuarial Cost Method was used. Using the plan benefits, the present health premiums and a set of actuarial assumptions, the anticipated future payments are projected. The entry age method then provides a systematic funding for the anticipated payments. The yearly Annual Required Contribution(ARC) is computed to cover the cost of benefits being earned by covered members as well as to amortize a portion of the unfunded accrued liability. The Amortization method is Level Percent Open with a 30 year Amortization period.

The actuarial assumptions include a 8.7% to 4.5% salary increase assumption, with an annual healthcare cost trend rate initially at 9%, reduced annually to a 4.5% rate after ten years. The assumed rate of investment return is 4.5% per year with 2.75% of this amount attributed to inflation, compounded annually, net of expenses and assumes no real rate of return. The growth rate for amortizing the Unfunded Actuarial Accrued Liabilities was also assumed to be 4.5%.

NOTE P - CONTRACT COMMITMENTS

FPUA, the “Authority” (a component unit)

FMPA All-requirements Power Supply Project

As of January 1, 1998, the Authority became a participant in Florida Municipal Power Agency’s (FMPA) All-Requirements Power Supply Project (hereinafter referred to as ARP). The Authority has agreed to purchase its total bulk power requirements, in excess of certain excluded resources, from the ARP through October 1, 2033.

Prior to being involved in the ARP, the Authority had Project Support Contracts and Power Sales Contracts with FMPA regarding Stanton Unit No. 1 (Stanton and Tri-City Projects) and Stanton Unit No. 2, coal-fired plants constructed by the Orlando Utilities Commission. The Authority’s resources which have been assigned include the contracts with FMPA related to Stanton Unit No. 1 and Stanton Unit No. 2, and part of the contract with Florida Gas Transmission for the purchase of firm capacity natural gas. (See below). The contracts related to the St. Lucie Project, detailed below, have not been assigned; however, as of January 1, 1998, the Authority’s share of transmission costs related to the St. Lucie Project has been assigned to the ARP.

NOTE P - CONTRACT COMMITMENTS(CONTINUED)

FMPA St. Lucie Project

The Authority has entered into agreements with the Florida Municipal Power Agency (FMPA), of which it is a member, and with certain other members of FMPA, for entitlement to capacity, energy and transmission services from Florida Power & Light Company's St. Lucie Unit No. 2 (the Unit), which is located on South Hutchinson Island near Fort Pierce, and through a reliability exchange agreement in St. Lucie Unit No. 1, located on the same site. Pursuant to a Power Sales Contract and a Project Support Contract, the Authority has acquired an entitlement share of FMPA's allocation of these services. The Power Sales Contract requires payments for each month in which capacity, energy, or transmission services are available from the St. Lucie Project. Payments due each month are based upon an annual budget. Once each year the excess or deficiency of payments related to actual cost is calculated and applied to the monthly statements from FMPA to the Authority.

The Power Sales Contract will remain in effect until the latest of (i) the date principal of, premium, if any, and interest on all bonds of the Unit have been paid or funds are set aside for the payment thereof, (ii) the date the Unit is decommissioned or finally disposed of as an electric generating unit pursuant to the Participation Agreement or FMPA's interest in the Unit is terminated pursuant to the Participation Agreement or otherwise disposed of, or (iii) the date all obligations or FMPA under the Participation Agreement have been paid, performed or provided for.

In any month when electric capacity, energy, or transmission services are not made available to the Authority, payment is made to FMPA under a Project Support Contract in a like amount as would have been due under the Power Sales Contract.

Purchases under these contracts are accounted for as operating expenses by the Authority. Total cost included in operating expenses for the year ended September 30, 2015 is \$8,020,000. The Authority is committed under the agreements to payments totaling \$8,274,000 for the year ending September 30, 2016.

Florida Gas Transmission

The Authority executed an All Requirements Gas Service Agreement with Florida Gas Utility (FGU) on January 15, 2002. As a member of the All Requirements project, the Authority is required to purchase natural gas and the firm capacity needed for its delivery through FGU. The firm capacity of natural gas is the availability of the pipeline required to transport the natural gas to the Authority. This agreement will remain in effect until cancelled by the Authority.

On July 3, 2012, the Authority acquired additional firm capacity from the City of Sunrise, Florida in order to meet the needs of new industrial customers. This agreement will remain in effect until July 2, 2017 or until cancelled by the Authority. In fiscal 2015, the Authority will be entitled to firm capacity of 514,912 MMBtu, and will commit to purchase 207,200 MMBtu of natural gas at a cost of \$664,000. The amounts purchased under these contracts for fiscal 2014 and fiscal 2015 were \$2,237,000 and 1,862,000, respectively.

NOTE P - CONTRACT COMMITMENTS (CONTINUED)

FMPA Treasure Coast Energy Center

The Authority has entered into an agreement with FMPA to manage and operate their newly developed facility located in St. Lucie County near Fort Pierce. The Treasure Coast Energy Center (TCEC) is a natural gas fueled power generation site. The initial terms of this agreement(s) commenced on July 24, 2007 and expired on September 30, 2011, after which the agreement becomes a one-year evergreen protecting both parties from a long term commitment. The agreement has been extended for the year ended September 30, 2015.

The Authority has been engaged to manage, operate, and maintain the TCEC. TCEC employees are on the payroll of the Authority and all costs associated with them are reimbursed bi-weekly by FMPA. TCEC employee costs and revenue for Fiscal 2015 totaled \$1,809,000.

NOTE Q - CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

NOTE R - LEASES

Operating Leases:

The City entered into a 25 year lease agreement, effective October 2012, with the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida. The City, as lessee, agrees to certain conditions for the use of sovereign submerged land for the purpose of operating the Marina under an operating lease expiring September 23, 2037. Per the agreement, annual lease payments may be adjusted due to a change in the 5 year average consumer price index. Minimum future rental payments under the operating lease for each of the years/period ending September 30 are as follows:

2016	\$	30,564
2017		30,564
2018		30,564
2019		30,564
2020		30,564
Thereafter		519,588
	\$	<u>803,888</u>

Rent expense for the above referenced lease was \$32,301 for the year ended September 30, 2015.

NOTE R – LEASES (CONTINUED)

Capital Leases:

FPUA(component unit) entered into a five-year capital lease on January 4, 2013 for equipment capitalized at \$142,000. The interest/maintenance costs for 2015 were \$18,000. The Future minimum lease payments for this capital lease are as follows:

	<u>Amount</u>
2016	31,000
2017	38,000
2018	11,000
	<u>\$ 80,000</u>

NOTE S - OPERATING LESSOR

On August 18, 1998, the City, as lessor, entered into an agreement with the Tiki Bar and Restaurant of Fort Pierce, Inc. (the “tenant”), the lessee, to rent the restaurant facility located at the City’s public marina and docking facility. The lease calls for an initial term of fifteen years commencing September 1, 1998 to and including August 31, 2013. The tenant shall have the option to renew this lease for an additional five-year term. Rent is payable monthly on the last day of each month. Currently the lease terms call for rent payments equal to a certain percentage of the tenant’s gross revenues. Until the tenant’s calendar year-to-date revenues exceed \$1,000,000, rent is equal to 10% of the tenant’s gross revenues. For the remainder of the calendar year, rent is equal to 4% of the tenant’s gross revenues. The City collected \$203,409 from the tenant for the year ended September 30, 2015. The minimum future rental payments beyond that date cannot be determined.

On December 15, 2005 the City, as a lessor, entered into an agreement with Ianco, LLC (the “tenant”), the lessee, to rent the restaurant facility located on the western side of the City’s public marina and docking facility. The lease calls for an initial term of six months commencing January 1, 2006 to and including June 30, 2006. Both parties are continuing to operate under the terms of this lease as of September 30, 2015, on a month to month basis. Rent is payable monthly within five business days of the closing of any monthly period. Rent is the computed at the greater of 7.25% of all gross revenues or \$6,500 per month. The City collected \$143,064 from the tenant for the year ended September 30, 2015.

NOTE T-FUND BALANCE

The City implemented GASB No. 54 “Fund Balance Reporting and Governmental Fund Type Definitions”, for the year ended September 30, 2011. The Statement requires the fund balance of governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

As of September 30, 2015, the fund balances of the governmental funds are classified as follows:

Non-spendable-Amounts that cannot be spent because they are not in spendable form, or because they are legally or contractually required to be maintained intact.

Restricted- Amounts can be used only for specific purposes because of a constitutional provision, enabling legislation, or externally imposed constraints by creditors, grantors, contributors, or other governments.

Committed-Amounts can be used only for specific purposes because of a formal action of the City Commission such as ordinances.

Assigned- Amounts that do not meet the criteria to be classified as restricted or committed but are intended to be used for specific purposes as determined by the City Commission.

Unassigned- Residual amount retained in the general fund that has not been otherwise classified.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to be spent first. When an expenditure is incurred for purposes for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first from committed, second from assigned, and lastly from unassigned balances.

Through a resolution, the City Commission established a minimum fund balance of ten percent of annual operating budgeted expenditures in the general fund to be held for unexpected unforeseen expenditures. The Commission reviews the policy annually to determine if adjustments are necessary.

Certain assets are restricted by bond resolution and some have been classified as restricted in accordance with governmental accounting standards for enterprise funds.

The restricted assets of the **primary government** as of September 30, 2015 are as follows:

Business-type activities:

Cash and investments:	
Customer deposits	<u>\$ 114,754</u>

City of Fort Pierce, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE U - RESTRICTED ASSETS(CONTINUED)

The restricted assets of the **FPUA** (a component unit) as of September 30, 2015, are as follows:

Cash and investments:	
Principal and interest on debt service	\$ 8,231,253
Capital Improvement charges	6,031,167
Debt service	4,929,672
Emergency reserve	1,272,866
Renewal and replacement reserve	500,000
Customer security deposits	7,803,160
	<u>\$ 28,768,118</u>

NOTE V – CONDUIT DEBT OBLIGATIONS

The City issued Capital Improvement Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of facilities deemed to be in the public's interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the facilities transfers to the private-sector entity served by the bond issuance. The City, the State, and any political subdivisions thereof are not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of September 30, 2015, there were two series of Capital Improvement Revenue Bonds outstanding. The aggregate principal amount payable for the three series issued after October 1, 1996, is \$9,238,021.

NOTE W- EXTRAORDINARY ITEM

FPUA transferred the ownership of the former site of the Henry D. King Power Plant to the Fort Pierce Redevelopment Agency (FPRA) on October 15, 2009. A grant awarded to the FPRA for the cleanup was not sufficient to cover the cost of remediation. The FPRA's consultant has estimated the cost to completion over the next year to be \$1,097,000. Voluntary Cleanup Tax Credits have been estimated to cover project costs of \$1,778,000. The amount expected to be paid by FPUA in FY 2016 is \$797,000. When the work on this project concludes, the final cost will be reevaluated as to the actual amounts received through tax credits.

City of Fort Pierce, Florida
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE X- NONEXCHANGE FINANCIAL GUARANTEES

At September 30, 2015 FPUA had irrevocable letters of credit with Harbor Community Bank, which serves as security for loans from the Treasure Coast Regional Planning Council (TCRPC) to the Fort Pierce Redevelopment Agency (FPRA) for cleanup of environmental contamination at the H.D. King Plant site (See Note O). The loans total \$1,400,000 and will begin to come due on August 20, 2018. No additional loans have been taken as of this report date. The recovery of these funds is projected to begin in July 2016 with the proceeds from the sale of the Voluntary Cleanup Tax Credits applied for by the FPRA.

NOTE Y- SUBSEQUENT EVENTS

Management has performed an analysis of the activities and transactions subsequent to September 30, 2015 to determine the need for any adjustments to and/or disclosures within the audited financial statements for the year ended September 30, 2015. Management has performed their analysis through March 11, 2016, the date the financial statements were available for issuance.

AUDITORS' REPORTS

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance
and other matters Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the City Commission
City of Fort Pierce, Florida

March 18, 2016

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Fort Pierce, Florida (the "City") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 18, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Fort Pierce, Florida's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Fort Pierce, Florida's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Fort Pierce, Florida's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Fort Pierce, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and State Project

We have audited the compliance of the City of Fort Pierce, Florida with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the requirements described in the Department of Financial Services' State Projects Compliance Supplement that could have a direct and material effect on each of its major federal awards programs and state projects for the year ended September 30, 2015. The City of Fort Pierce, Florida's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal Programs and State Projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Fort Pierce, Florida's major Federal programs and State projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and Chapter 10.550, Rules of the Auditor General. Those standards, OMB Circular A-133, and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the City of Fort Pierce, Florida's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program and State project. However, our audit does not provide a legal determination of the City of Fort Pierce, Florida's compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the City of Fort Pierce, Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2015.

Report on Internal Control Over Compliance

The management of the City of Fort Pierce, Florida is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Fort Pierce, Florida's internal control over compliance with requirements that could have a direct and material effect on a major federal program or state project in order to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Fort Pierce, Florida's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program or State project on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program or State project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or as combination of deficiencies, in internal control over compliance with the type of compliance requirement of a Federal program or State project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and results of that testing based on the requirements of OMB Circular A-133, and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

Independent Accountant's Report on Compliance With Section 218.415, Florida Statutes

To the City Commission
Fort Pierce, Florida

March 18, 2016

We have examined the City's compliance with the requirements of Section 218.415, Florida Statutes with regards to the City's investments during the year ended September 30, 2015. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

Management Letter

To the City Commission
City of Fort Pierce, Florida

March 18, 2016

Report on the Financial Statements

We have audited the financial statements of the City of Fort Pierce, Florida, as of and for the year ended September 30, 2015, and have issued our report thereon dated March 18, 2016, which was unqualified.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the provisions of Chapter 10.550, Rules of the Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, Section 601, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 18, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit. There were no findings or recommendations noted in the preceding annual financial audit.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements.

The City was created, established, and incorporated under the City Charter, as adopted by Laws of Florida Chapter 65-1351 and is further governed by state and local laws and regulations. The City also has two component units, the Fort Pierce Utility Authority (discretely presented) and the Community Redevelopment Agency (blended). The voters of the City of Fort Pierce, Florida authorized the organization of the Fort Pierce Utilities Authority at a special election held May 30, 1972. City Ordinance No. F-399 (as amended by City Ordinances G-295, 296, and 297) defines the powers, duties and responsibilities of the Authority. City Ordinance No. H-239 created the Community Redevelopment Agency and delegated powers to the Agency in accordance with Florida Law and State Statutes Chapter 163.

Financial Condition

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether or not the City of Fort Pierce, Florida has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the City of Fort Pierce, Florida did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the City of Fort Pierce, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Annual Financial Report

Sections 10.554(1)(i)5.b. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether the annual financial report for the City of Fort Pierce Florida for the fiscal year ended September 30, 2015, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2015. In connection with our audit, we determined that these two reports were in agreement.

Other Matters

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management, accounting procedures, and internal control.

Section 10.554(1)(i)3, Rules of the Auditor General, requires that we address violations of provisions of contracts and grant agreements or abuse that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

Purpose of this letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the City Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,
