

Roof Deck Nailing Certification

Note: The roof deck nailing certification may only be completed by a roofing contractor licensed pursuant to Florida State Statute 489, an engineer licensed pursuant to Florida State Statute 471, or an architect licensed pursuant to Florida State Statute 481. This certification may be utilized in lieu of a sheathing inspection performed by the Building Department for existing roofs only, pursuant to the Florida Building Code, Existing Building Code and the Florida Building Code, Residential Code. All other required inspections must be performed in accordance with the Florida Building Code. The Building Department reserves the right to conduct all required inspections at any time. If it is found that the use of this form is fraudulent or inaccurate, the Building Department reserves the right to discipline and/or recommend disciplinary action against the person signing this form.

Permit Number: _____

I, _____, licensed as a roofing contractor, engineer or architect certify
 (Printed Name)
